

Department of Computer Science - Course Syllabus

CS401: Advanced Algorithms & Data Structures | 4 Credits

Course Overview & Prerequisites

CS401 covers dynamic programming, amortized analysis, graph algorithms (Dijkstra, Bellman-Ford, Tarjan's SCC), network flows, and NP-completeness. Prerequisites: CS201 (Basic Data Structures) and MATH301 (Linear Algebra).

Examination Schedule & Weightage

Assessment	Date & Time	Location	Weightage
Quiz 1	Sept 15, 2026 10:00 AM	Hall 201	10%
Mid-Term Exam	Oct 20, 2026 09:00 AM	Tech Auditorium	30%
Lab Assignments	Weekly Submissions	Online Portal	20%
Final End-Sem Exam	Dec 10, 2026 02:00 PM	Tech Auditorium	40%
